

Chairman's Message

Events during the past year have given cause for real satisfaction; our two auctions each grossed record amounts and we had the pleasure of listening to some excellent lectures and presentations.

As always, the Wessex branch, including not only the committee but all our members, continues to enjoy horology in all its aspects, contributing according to their inclinations and talents and finding satisfaction in learning more of the diversity of their subject. I see this as one of the primary purposes of this branch and I hope the programme you see set out here will take us all further along our chosen paths.

I encourage everyone to support the Branch auctions in any way they can; we shall be taking some measures this year to improve the visibility of this invaluable service to the wider BHI community.

With best wishes for the year ahead from all of the committee,

Graham Morse

Meetings are free to all BHI members.

Members of other Branches and occasional guests are most welcome (£5 donation required from non-members).

Easy, free parking right next to the venue.

Time for a chat and free tea, coffee and biscuits before and after lectures.

Free loan library of well over 100 horological titles, many being scarce or hard to obtain.

Informal technical advice available from experienced members.

The BHI Wessex Branch aims to cater for all who enjoy horology in its many aspects, from turret clocks to wrist watches. This is the reason for our existence.

Where and When We Meet

Lyndhurst Community Centre, next to the central car park, off the High Street, SO43 7NY, on the first Wednesday of the month. Meet at 7.00 pm for 7.30 pm.
